For your pet's protection, ALL vaccines must be current including Bordetella and Flu vaccines. Proof of vaccines administered by a veterinarian is required. Your pet must be clean and free of internal and external parasites. To insure the protection and comfort of our boarders and patients, we reserve the right to treat any boarder for fleas and/or ticks if such treatment is indicated.

If your pet becomes ill while boarding with us, we will do our best to contact you as soon as possible. Nevertheless, we will examine the pet and initiate necessary treatment unless we are informed otherwise. Charges for these services will appear on the bill.

Boarding accommodations include lodging in our specially designed living quarters or runs suited to your pet's size and feeding twice a day with Science Diet or owner-provided food. Fresh water is available at all times. Our pet's quarters are cleaned, and dogs are individually walked at least three times a day. **We will give daily medication or vitamins brought from home for a Med Administration fee of \$5.00 per day.** Reservations are always recommended.
